X Range Prime

X Range™ Prime, although not completely modular, includes multiple configurations so operations can be scaled to individual cash processing needs. The base unit can be either the X3500 or X5500, including reject pocket. Output options include up to 9 output pockets with 2 to 6 strapper pockets. Here are our configurations:

Base Unit

- ✓ X3500
- ✓ X5500

Output options

- ✓ Up to 9 output pockets in dual pocket modules
 - 3 or 5 Manual Pockets with the ability to add Dual Strapper Modules up to a maximum of 9 output pockets in total, with 500 banknote capacity in each output pocket
 - Dual Strapper Module (DSM) straps in batches of 100 notes with up to 500 banknote capacity in each output pocket.

Automation saves time,
effort and cost
